Technical Data Sheet

Article:	2220 teXXor
Model:	Household Gloves NATURLATEX
Sizes:	S, M, L, XL

For details on product dimensions and weights see below (table)

Colour:	yellow
Material:	Natural-Latex
Mat. thickness:	0,30 mm (approx.)
Packaging:	200 pair / carton
Subpackaging:	10 pair, bundled

Details of packaging are below mentioned (table)

Care instructions:

PPE-category:	**Category I - suitable for use when exposed to minor risks according to Regulation (EU) 2016/425, Annex I** (published in the Official Journal of the European Union)

© BIG Arbeitsschutz GmbH

Fittings:
Natural latex, grid profile at the palm, with rolled cuff, longer version (approx. 30 cm), STANDARD quality, material thickness: approx. 0.3 mm

Characteristics:
Comfortable to wear. Highly flexible and resistant to liquids (not chemicals; see manufacturer's information). Excellent wet and dry grip thanks to the grid profile.

Application:
Applicable for general work with low risks in humid environments as well as when handling liquids, e.g. in the craft trade, construction sector, food industry, fish industry, agricultural sector, facility management

Additional information regarding purpose, applications and risk assessment:
Please note that the actual conditions of use cannot be simulated and that the decision on the glove's suitability for its intended purpose therefore lies exclusively with the user. The manufacturer is not responsible for improper use. Hence, an assessment of the residual risk should be performed before use in order to determine whether this glove is suitable for its intended purpose.

These gloves belong to category 1 and are only suitable for use when exposed to minimal risks. This category only includes gloves that protect their user against:
- Mechanical activities with exclusively superficial implications (e.g. gardening gloves).
- Detergents with a weak or decreasing impact (e.g. gloves worn when using diluted detergent solutions).
- Dangers when handling hot substances that do not expose the user to temperatures above 50° Celsius, or hazardous substances.
- Atmospheric influences that are neither unusual nor extreme (seasonal clothing).
- Slight impact or vibration that does not affect the vital organs and whose implications will not cause irreparable damage.

These gloves must not be used for activities associated with more excessive stress or risks (e.g. caused by chemicals, thermal conditions or similar influences).

Markings on the gloves:
Trademark, art.-no. of manufacutrer, size, CE-icon, pictograms with the corresponding numbers of the relevant European PPE standards, i-mark, factory icon with date of manufacture: month/year, hourglass pictogramm with expiry date: month/year

Dimensions/weights article:

Size	Length in cm	Width in cm	Height in cm	Weight in g/pair
S	35	12,0	0,3	46
M	35	12,5	0,3	50
L	35	13,0	0,3	54
XL	35	13,5	0,3	56

The above values are approximate and subject to slight variations.

Details of packaging unit:

Size	kg gross	kg net	Length in cm	Width in cm	Height in cm
S	10,30	8,80	57	39	24
M	11,3	9,8	57	39	24
L	12,0	10,5	57	39	24
XL	12,3	10,8	57	39	24

The above values are approximate and subject to slight variations.

Hazardous ingredients - REACH (Registration, Evaluation, Authorization and Restriction of Chemicals):

The product is manufactured in compliance with Annex XVII of the European REACH regulation 1907/2006 and contains no hazardous substances in concentrations requiring declaration.

Declaration of Conformity

CE These gloves are classified as personal protective equipment (PPE). The CE mark confirms that the product satisfies the applicable requirements of Regulation (EU) 2016/425.

Identification and selection:

Selection of gloves must be made according to workplace requirements, type of hazard and relevant environmental conditions. The employer is responsible for choosing the right PSA. Therefore, it is necessary to check the suitability of the gloves for the needs needed before use.

Regulation for use:

The gloves fulfil the safety requirements only if they are worn in an entirely correct manner and in their best condition. Check the gloves for defects or flaws before use. If any tears or holes appear during use of the gloves, they must be disposed of immediately. Make sure that the gloves are not too large or too small and fit exactly. Modifications to this PPE are not permitted. Follow the instructions provided in the manufacturer's information and keep this information in a safe place during the entire service life of the PPE. We assume no responsibility for any damages and/or consequences resulting from improper use.

Washing Instructions:

Do not wash the gloves and do not bleach. Drying in tumbler is not possible. Do not iron. Professional dry and wet cleaning is not allowed.

BIG Arbeitsschutz GmbH | Königsberger Str. 6 | 21244 Buchholz | Telefon 04181 9095 0 | Fax 04181 9095 55 | info@big-arbeitsschutz.de | www.big-arbeitsschutz.de

Cleaning, care and disinfecting:

Both new and used gloves must be checked carefully for any damage before they are worn. Never store dirty gloves if they are intended for reuse. Users are advised to carefully remove the gloves on the right and then the left if it is not possible to remove the soiling or if doing so would present a danger. Here, use the hand wearing the glove in such a way that the other glove can be removed without coming into contact with the soiling.

Storage and aging:

Keep in a cool, dry place; do not expose to direct sunlight; keep away from any ignition sources; store in the original packaging if possible. The mechanical properties of the gloves will not change for a period of up to 3 years from the manufacturing date, provided they are stored as recommended. A precise service life cannot be stated, as it depends on the type of use and on whether the user ensures that the gloves are used exclusively for their intended purpose. The manufacturing date (month/year) is stated on the gloves.

Disposal:

Used gloves may be contaminated with environmentally harmful or hazardous substances. Dispose of the gloves in accordance with applicable local laws.

Health risks:

This product contains latex from natural rubber, which can lead to allergic reactions. You should consult a doctor or dermatologist if you experience an allergic reaction.

First Aid:

Remove the gloves if they are contaminated with hazardous materials.
In case of contact with skin: immediately consult a doctor if an allergic reaction occurs.
In case of eye contact: wash out the affected eye with water. Consult a doctor immediately.
